IMPORTANT - Every driver must bring a full valid driving license from country of residence. Please present your pre-paid car rental voucher to Alamo on arrival

Probably the most comprehensive car rental package available. Ranch Rider and Alamo have teamed up to bring you these superb, fully inclusive rates.

- Outstanding value for money prices
- Alamo Direct Road
- Extra drivers FREE of Charge
- Alamo Gold car rental - FREE tank of fuel

Our Gold Rates include all taxes, insurances, Airport user fees, CDW, extended protection, up to three extra drivers and a tank full of fuel.

Young Drivers - Not included in price. All drivers must be aged 21 or over and carry a full valid Driving Licence from their country of residence. Drivers under 25 incur an additional \$25 per driver, per day, payable upon check-in.

Child Seats - Children up to five years old are required by law to be transported in approved child seats. These must be requested at time of booking and will be provided by Alamo at a cost of currently \$5 per day. A \$50 returnable deposit is also required.

Included in the cost of your rental

Extended Protection (EP) - EP provides you with extra third party insurance, and gives you \$1,000,000 coverage for accidental death or injury to yourself or your passengers should you be hit by an uninsured or under-insured motorist. EP also covers you up to the first \$1,000,000 of third party liability claims against you and costs \$11.99 per car, per day. This may seem expensive, but in a country where litigation and damage cost can run to hundreds of thousands of dollars, the extra coverage makes good sense.

Collision Damage Waver - CDW protects you against damage to the Alamo car (including theft and vandalism), regardless of who is at fault. Without CDW, you would be personally responsible for any damage up to the full value of your Alamo vehicle.

Local Fees and Taxes - These can prove an expensive addition in many car rental company's charges, and an addition which may come as quite a shock if you have not built it into your budget.

Choosing a suitable car

Points to consider before deciding

- Number of adults and children in party
- Amount and size of luggage (separate roof racks are not available)
- Length of journey and passenger comfort
- Infant seats for under-fives
- Ideal car size (upgrade?)
- Party of 6-8 people? Consider a Minivan (one car avoids duplicating costs)
- Extended Protection included for peace of mind

Car availability - If a car of the reserved size is unavailable, you will be offered a free upgrade to the next larger size of car.

Deposit - A major credit card in the driver's name is required to be used as a deposit on the car and will be debited for any incidental charges on completion of your rental. Alternatively a cash deposit of £100 per car per week must be left as security.

Our car suppliers will not guarantee any particular make or model of vehicle. They reserve the right to supply an appropriate vehicle in the same category.

BE CAREFUL WHEN COMPARING CAR HIRE PRICES

We believe Alamo Gold is the most comprehensive car rental package on the market today. Unlike many other so called fully inclusive packages available from leading car hire companies Alamo **includes** under insured driver and uninsured driver protection. This is very important in the USA especially in the ranching states. With most other companies this is paid locally and dependent on exchange rate can add approx £25/£30 per week to your car rental cost.

You can save up to £30 per week.

Our car suppliers will not guarantee any particular make or model of vehicle. They reserve the right to supply an appropriate vehicle in the same category. Rates may not include a Customer Facility Charge (CFC) and/or Homeland Security Fee (HSF) which is payable, where applicable by customer at time of rental. Legislation or regulations or the cost of fuel may effect National/Alamo's pricing procedures. On all inclusive products, National/Alamo reserves the right, without notice to (i) charge customers, at the time of rental or thereafter, for the amount of any additional or increased surcharges, fees, taxes or increased fuel costs incurred subsequent to entering into this agreement, or (ii) increase client's tax, surcharge or fuel inclusive rates by an amount equivalent to the additional or increased tax, surcharge, or fuel cost subsequent to entering into this agreement.

At certain locations we use to provide your rental needs.

Some smaller locations do not include unlimited mileage plans - we would be pleased to advise at the time of Booking.

YOUR FLIGHTS TAILORED TO YOUR NEEDS

Unlike other operators we do not include your flight price with your ranch stay price in our brochure. We however choose to do it slightly differently. We quote the ranch price without flights so that we can select the best flights to suit your individual needs, which may include stopovers and the total make up of your party. Such things as the balance of adults and children can very much influence which is the best airline to use. This way round we feel we can search out the very best price for you and also take advantage of any special offers that may be available.

WHY USE US?

1. We have many years experience in North American airfares. We understand the rules, the regulations and in particular the complexity of such things as free stopovers.
2. We have contracts with a large number of North America's leading airlines, which allow us to offer highly competitive airfares.
3. We have access to special fares not routinely available to the general public
4. To ensure your complete financial security we are fully bonded by ATOL, ABTA and IATA.
5. We understand local conditions, have visited most of the local airports and we understand how your ground arrangements works. For instance: many ranches will not pick up from airports after 6.00pm in the evening. Arrival after that time means that you require an overnight stay at an airport hotel, which can negate any savings made by utilising a cheaper flight.
6. With us your flight, ranch and other onward arrangements are seamless. One person deals with

them all and has a complete vision of your total holiday. They are able to spot any problems before they arise and if necessary put the corrective procedures in place.

IF YOU CHOOSE TO MAKE YOUR OWN ARRANGEMENTS

1. You should be aware that your financial protection is greatly reduced and split over at least two operators. In the event that you need to make a claim for financial or insurance reasons, this adds to the administrative burden.
2. If you have made your own flight arrangements, changes in flight times that necessitate amendments to the ranch booking will incur amendment fees.

HELP US TO HELP YOU WITH YOUR FLIGHTS

When you are ready to confirm your flight arrangements we need the following information:

- (1) Total number of passengers and ages of any children, as this may well affect the choice of airline.

(2) Date of departure, remembering that Friday, Saturday and Sunday are weekends and are charged as such.

(3) If you have some flexibility on your departure dates please let us know.

(4) Please let us have your complete travel plans including any stopovers on the way out and onward flights after your ranch stay.

We can assure you of a high quality service at highly competitive rates.

FUEL TAX SURCHARGES & AIRPORT USER FEES

The current situation is that airport tax and user fees are a variable factor, and in particular the fuel tax surcharge can vary on a regular basis as it is dependant on the price of oil. At the time of booking we will quote you the current fuel tax surcharge and you will have the option to pay the full flight cost at this point and pay no more. You may choose to pay just the deposit and the balance on our normal terms, but then you would be liable for the fuel tax surcharge at the point of ticketing.

SAMPLE AIRFARE OPTIONS

At Ranch Rider we work very closely with all the major airlines that service North America and we can offer a most competitive range of airfares from the majority of UK departure airports to your destination in the USA and Canada. Such a wide choice of air-fares can easily lead to confusion, but we understand the need to get the best possible price and routing for our clients - So let us quote you the best available deal.

RANCH RIDER

INSURANCE

IMPORTANT FEATURES

1. Twenty four hour 365 day access to English speaking medical emergency service in the event of trouble abroad.
2. Unlike some travel policies our cover starts as soon as you leave home or your place of work. Many only cover you from the departure airport.

IMPORTANT NOTICE

Ranch Rider's travel insurance policy has been specifically designed to cover all activities featured in our brochure, especially horse riding. If you have elected not to take out Ranch Rider's own recommended travel insurance it is essential that you check with your own insurers to confirm you are fully covered to participate in Pack and Ranch Riding trips, white water rafting, working with cattle and horses on drives and round ups or riding a snowmobile. It is your responsibility to ensure that the cover you have arranged does not carry any exclusions relating to riding without a hard hat, working on a ranch or with animals, or any personal liability arising whilst riding a horse.

Points to note when considering purchasing Specialist Travel Insurance for riding holidays.

a) Many travel insurances make it a condition of the insurance that claims arising from horse riding activities will only be paid if the insured person is wearing suitable protective clothing. e.g. hard hat

b) Many travel insurance policies exclude any Personal Liability claims arising from the use or control of any animal. Therefore were a client to be held liable in a US court of law for injuring another member of the party whilst in control of a horse; their own travel insurance may not protect them.

c) Many travel insurance policies specifically exclude any form of manual occupation including working ranch riding.

With our insurance you are covered for all the above.

INSURANCE INFORMATION

Our insurance is approved and tailored to meet the needs of our clients whether on an escorted tour or individual tailor made holidays. The insurance policy is underwritten by AXA Insurance UK plc (Registration No 202312. Authorised and regulated by the Financial Services Authority. Registered address 107 Cheapside, London EC2V 6DU. This can be checked on the FSA's register by visiting the FSA's website at www.fsa.gov.uk/register or by contacting them on 0845 606 1234).

We believe that the combination of both the cover and price make it one of the most effective and all embracing policies on the market today.

Please note the information provided in this brochure is only a summary of cover, full policy details and written complaints procedure available on request.

PRE-EXISTING MEDICAL CONDITIONS

All participants are required to complete a simple health declaration. If pre-existing medical conditions apply you will be referred to the insurer's medical screening helpline. Failure to declare a pre-existing condition of any member of the party or close relative whose illness could cause a claim will invalidate your policy without refund.

YOUR CERTIFICATE

Please read policy when it arrives. This forms the basis of a contract between you and the insurers. We would suggest that you carefully review the whole certificate, but note in particular the following:

- (a) property claims,
- (b) policy limits,
- (c) policy excess, which may vary by sections,
- (d) pre-existing medical conditions,
- (e) any endorsement added by the insurer in case of special circumstances.

YOU DON'T LIKE THE POLICY ONCE YOU HAVE READ IT

In the unlikely event of this occurring, you have 14 days from date of receipt of your policy to return the documentation to us for a no quibble refund. Travel can not have commenced and no claims can be pending for this offer to be valid.

SPORTS OR ACTIVITIES

Many are covered under our standard terms, including riding without a hard hat. Please ask for a separate list and limits of cover. You must inform us immediately if you plan to undertake any dangerous sport to be covered under this policy. Failure to do so will result in your cover being invalid and no policy refund.

DUTY OF CARE

You have an obligation to ensure that you take all reasonable care of both yourself and your property. Please ensure that you read the certificate carefully. Uni-Travel Limited and its trading titles cannot be held responsible should a claim not be met in full or part by the insurers.

EXCESSES

Each claim is subject to an excess dependent where applicable. A full schedule of excesses may be found in your policy document.

Insurance

High quality medical cover for World-Wide is very important, particularly if you are visiting the USA and/or Canada. It is mandatory that all persons booking with us are fully and properly insured, and suggest that £2m medical and £2m public liability are the minimum standards you should accept for peace of mind. It is also very important that your insurer is aware of any pre-existing medical conditions. This applies equally to all members of the party, close relatives or any other person on whom the trip may depend. You are at liberty to arrange your holiday cover with whatever insurance company you choose, but we will require details of your insurer including a policy number. Failure to provide this information could inhibit our ability to help you.

IMPORTANT NOTICE Ranch Rider's travel insurance policy has been specifically designed to cover all activities featured in our brochure, especially horse riding. If you have elected not to take out Ranch Rider's own recommended travel insurance it is essential that you check with your own insurers to confirm you are fully covered to participate in Pack and Ranch Riding trips, white water rafting, working with cattle and horses on drives and round ups or riding a snowmobile. It is your responsibility to ensure that the cover you have arranged does not carry any exclusions relating to riding without a hard hat, working on a ranch or with animals, or any personal liability arising whilst riding a horse.

BOOKING CONDITIONS

Your holiday arrangements with us are subject to the following brief, but important booking conditions which clearly lay down our joint responsibilities to ensure that you holiday runs smoothly.

Your holiday arrangements are organised by Uni-Travel Limited trading as The Independent Traveller, Farm Tours & Ranch Rider, Devonshire House, Devonshire Lane, Loughborough, Leics, LE11 3DF, or Uni-Travel, Alexandra Square, Lancaster University, Lancaster, LA1 4XX (hereafter known as the Company). The above applies only to services provided by the individual members of the Uni-Travel group and does not apply to services featured in this brochure that are provided by any other company. In order to provide you, the client, with the fullest range of services, on occasions we act as retail agents for other ATOL holders and you will be notified of the appropriate ATOL number with your written confirmation.

Conditions that apply to both individual and group bookings

1. Reservation Procedures

After full discussion with your travel advisor we will issue you with a reservation/option number. You should then complete the booking form enclosed for all members of your party and ensure that all details are accurately and fully completed. Particular attention is drawn to accurate dates of birth as this may affect insurance premium calculations and child flight discounts. We draw your attention to the insurance questions now required by law to ensure that you are fully and adequately protected whilst abroad.

2. Deposit

In order to secure your booking we will collect an agreed deposit from you. This deposit will vary dependent on the type of holiday booked. Deposits are non refundable and should be covered by insurance.

3. The Balance

The balance is due 12 weeks prior to the date of departure of your holiday. This lead time is necessary to ensure that our overseas' suppliers are paid prior to your arrival. If your booking is made less than 12 weeks prior to departure full payment is required at the time of booking.

4. Amendments by the Client

Whilst changes are possible they will normally attract an amendment fee of £50.00 per person plus any direct charges levied by the suppliers involved. The Company confirms all your travel arrangements to you in writing and any errors or omissions not notified to us within 14 days of the date at the top of the confirmation document will be considered as amendments. Please carefully check your confirmation document to ensure that we have interpreted your holiday wishes accurately.

5. Cancellation

If you cancel your booking with us the following cancellation charges apply:

<i>More than 84 days</i>	<i>Deposit</i>
<i>84 - 60 days</i>	<i>40% (or deposit if greater)</i>
<i>61 - 42 days</i>	<i>50% (or deposit if greater)</i>
<i>Under 42 days</i>	<i>100%</i>

Note: Certain speciality operators may require pre-payment at the time of booking or impose more onerous cancellation terms than the ones stated above. In those circumstances the cancellation charge will be amended in line with their requirements. We will use our best endeavours to inform you of these charges at the time of booking.

Notice of cancellation

Cancellation can only be accepted in writing and the appropriate date is the date at which it was received in our office and the printed date stamp applied.

Your liabilities under this section may in certain circumstances be covered by insurance. In uncertain times our policy for cancellation is clear and follows the industry standard. If the contracted airline is flying and there is no Foreign Office advisory against travel to that Country, then our normal cancellation terms apply.

6. Changes made by ourselves

Virtually every holiday we help to plan and initiate goes without any changes once confirmation has been received by the client. Occasionally it is necessary to alter arrangements due to circumstances beyond our reasonable control. Although most

changes are minor, for example an hour or so difference in departure time, some are more major. They could involve change of departure time by more than 12 hours, change of departure airport, etc. As soon as they are notified to us we will inform you as soon as is practical and work with you to solve any problems caused. If we cannot solve the problem to your complete satisfaction the following compensation rates are applicable:

<i>More than 8 weeks prior to departure</i>	<i>nil</i>
<i>Within 8 weeks prior to departure</i>	<i>£15.00</i>
<i>Within 6 weeks prior to departure</i>	<i>£20.00</i>
<i>Within 4 weeks prior to departure</i>	<i>£25.00</i>
<i>Within 2 weeks prior to departure</i>	<i>£35.00</i>

7. Flight Timings

Brochures are produced many months in advance of your holiday and it is quite possible that the times originally advised to you on your confirmation or at the time of booking will have altered by the time you complete your holiday. Airlines need to make these changes for operational reasons. You should comply with the timings advised to you with your tickets and must pay particular attention to the report time at the airport. Airlines are entitled to deny boarding without compensation should you report later than the time stated. In that case your holiday could be forfeit without compensation. We would draw your attention to the terms and conditions of our insurance policy which provide for cover if the reason for late reporting is outside your reasonable control.

8. Passport and Visa

It is the client's responsibility to ensure that all travel documentation is valid, as airlines will not permit passengers to travel who do not have proper documentation and who cannot comply with all regulations. Holders of British ten-year machine readable passports (with no endorsements) currently do not need a visa to enter the USA or Canada.

All Clients travelling to the USA require a full British ten-year machine readable passport (with no endorsements), which does not expire before 6 months from the date of entry to the USA. Clients travelling to the United States who hold a full British Machine Readable Passport who are able to comply with the US Government immigration requirements can use the Visa Waiver Scheme and need not apply for a Visa. Holders of any other type of passport are advised to consult with the American Embassy for advice before booking their holiday.

No liability can be accepted should you fail to clarify the entry requirements and obtain the correct paperwork, including visas if necessary

9. Names

Under new security arrangements your full first names, as they appear in your passport, are required. It is your responsibility to check that we have taken your name down properly. Airlines are at liberty to deny boarding without recompense should this information be incorrectly recorded. We would therefore ask you to carefully check all your documentation including your final documents and tickets.

10. Insurance

High quality medical cover for both Canada, the USA and World-Wide is very important. Most countries do not operate a National Health Service and it is therefore important that you are fully and properly insured. Insurance is therefore mandatory for all people booking through The Company. You are at liberty to choose whichever other insurance company you like, but we would draw your attention to the highly attractive terms and conditions of our own policy, particularly if you have children. In the event of you not purchasing our policy you must complete on the booking form the name of the insurer who will be providing your holiday cover. If you do not take our cover it is essential that you inform us of your insurer and policy number prior to departure. Failure to do so will prohibit us assisting properly in the event of any untoward event. We recommend that £2,000,000 medical and £2,000,000 public liability are the minimum standards you should accept for peace of mind, in particular for a North American holiday. We would draw your attention to the need to inform any insurer of pre-existing medical conditions. This applies equally to all members of the party, close relatives or any other person on whom the trip may depend.

11. If you have a problem whilst you are away

In the unlikely event of anything untoward happening whilst you are away you should follow the procedures listed below:

(1) Contact your hotelier, car hire company or service provider, or tour manager if an escorted tour, and attempt to resolve the problem locally.

(2) If the problem cannot be resolved locally you should immediately contact 01509 618800, leaving us a return telephone number and the nature of your problem and we will ring you back on the next working day and attempt to sort out the problem. If a problem occurs on a Saturday after 4.00pm UK time or during a UK Bank Holiday, please use the emergency number listed on your travel documents.

(3) We will ring you back within 12 hours and attempt to sort out the problem. We regret that if we are not informed of the problem whilst you are away we cannot accept liability as we have not had an opportunity to rectify the problem. We believe it is not entirely reasonable to expect us to accept liability for a problem that we were not aware of.

(4) If the above procedures have been followed and you are still not satisfied with the outcome, we subscribe to the ABTA Arbitration Scheme, which is a simple, effective and low cost scheme for both parties to ensure that each side has a fair hearing. Details of the scheme will be supplied upon request and the outcome of the arbitration independently adjudicated by the Chartered Institute of Arbitrators is binding on both parties. The scheme is currently limited to claims of a maximum of £5,000.00 per person or £25,000.00 per booking. We believe that it provides both parties with a full and proper hearing.

12. Unused Services

We regret that refunds cannot be made for any unused services. We draw your attention to the insurance cover provided that may in certain circumstances meet your liabilities in this area.

13. Errors and Omissions in the printing of the brochure & publicity material

Our brochures are complicated documents. Regrettably there may be some errors and omissions in the brochure and these could include wrong pricing. It is our responsibility to point these out to you prior to you making a booking. Every effort is made to ensure that descriptions are accurate at the time of printing. From time to time improvements and maintenance mean that certain facilities may be withdrawn for limited periods. Where longer term changes take place we will inform you and offer the option to change the element without amendment fees.

14. Charter Flights

We feel we should draw to your attention to the fact that charter flights are more prone to flight changes than those operated by schedule carriers, both in terms of days of operation and timings. Charter flights offer excellent value for money, however in order to offer this good value the charter companies need to maintain high load factors to ensure that they operate at a profit. This can cause them to consolidate flights, particularly at the beginning and the end of the season. For this reason we normally recommend that two days are spent in the town of arrival to allow for any unforeseen flight schedule changes. Your travel consultant will be pleased to discuss this matter with you.

15. Airport Taxes & other taxes

Unless otherwise stated our prices include all taxes known at the time of printing. Unfortunately governments world-wide increase or add tax without prior notice. We reserve the right to pass these charges on to you. This includes the right to pass on tax increases after final invoice. Note: some airports have imposed Airport Improvement Fees that are paid locally. We will advise you of any known charges at the time of booking.

16. Force Majeure

If the contract we have with you is not performed or is improperly performed by us or our suppliers we will pay you appropriate compensation if this has affected the enjoyment of your travel arrangements. However we will not be liable where any failure in the performance of the contract is due to: you; or a third party unconnected with the provision of the travel arrangements and where the failure is unforeseeable or unavoidable; or unusual and unforeseeable circumstances beyond our control, the consequences of which could not have been avoided even if all due care had been exercised; or an event which we or our suppliers, even with all due care, could not foresee or forestall.

Our liability, except in cases involving death, injury or illness, shall be limited to a maximum of the cost of your travel arrangements. Our liability will also be limited in accordance with and/or in an identical manner to

(a) The contractual terms of the companies that provide the transportation for your travel arrangements. These terms are incorporated into this contract; and

(b) Any relevant international convention, for example the Montreal Convention in respect of travel by air, the Athens Convention in respect of travel by sea, the Berne Convention in respect of travel by rail and the Paris Convention in respect of the provision of accommodation, which limit the amount of compensation that you can claim for death, injury, delay to passengers and loss, damage and delay to luggage. We are to be regarded as having all benefit of any limitation of compensation contained in these or any conventions.

You can ask for copies of the transport companies' contractual terms, or the international conventions from our offices at Devonshire House, Devonshire Lane, Loughborough, LE11 3DF, telephone: 01509 618800.

Under EU law (Regulation 261/2004) you have rights in some circumstances to refunds and/or compensation from your airline in cases of denied boarding, cancellation

or delay to flights. Full details of these rights will be publicised at EU airports and will also be available from airlines. However reimbursement in such cases will not automatically entitle you to a refund of your holiday cost from us. Your right to a refund and/or compensation from us is set out in clause 5. If any payments to you are due from us, any payment made to you by the airline will be deducted from this amount. If your airline does not comply with these rules you should complain to the Air Transport Users' Council on 020 7240 6061 www.auc.org.uk

17. Force Majeure

Uni-Travel Limited will not be responsible for nor will pay any compensation for changes to, or cancellation of, your arrangements which arise as a result of situations outside our reasonable control - "force majeure". In these booking conditions, "force majeure" means any event which we or the supplier of the service could not, even with all due care, have foreseen or avoided.

18. Your Holiday Price

We have priced our brochure on exchange rates as published in the Financial Times on 1 October in the year prior to the date of the brochure. We reserve the right to pass on surcharges as follows:

Fuel Surcharge. Over the last few years fuel surcharges have become a fact of life. Airlines levy this charge at the point of ticket issue – our normal practise is to issue your air tickets approximately one month before your date of departure.

You have two choices on how to pay for any fuel surcharge raised:-

(1) If you pay in full for your flights at the point of booking including the current fuel surcharge then no further charges will be made. We will issue your air tickets at this point and hold them with your holiday file.

(2) After you have paid your holiday balance and approximately one month before your departure your air tickets will be issued and at that point the fuel surcharge will be calculated – this charge will be invoiced to you as a supplementary invoice to be paid by return.

Currency. We reserve the right to pass on any variation in currency from the reference date printed above. We will absorb all currency fluctuations up to 2%. In the unlikely event of the currency surcharge being more than 10% of the booking cost you have the option to cancel the booking without charge.

19. Data Protection

In the process of your booking we collect certain information, which includes but is not limited to such things as passport numbers. In order that your travel arrangements run smoothly and meet your requirements it is necessary for some of this information to be passed onto third parties. As a company we do all in our power to ensure full and proper security measures are in place to protect your information. Without passing on such information your journey may not be satisfactorily completed. Whilst we take every effort to ensure that our travel partners, airlines, hotels, transport companies, etc fully comply with the EC regulations on data protection, we can take no responsibility for their actions. Additionally when your travel takes you outside the European Economic area there is not as strong a legal requirement as there is in this country. Information such as disability, dietary or religious requirements has to be passed on to suppliers to ensure your booking is satisfactorily completed. It is required from time to time by current law, or possibly by law as yet to be brought in, to pass on to governments certain information in connection with counter terrorism activities. By placing your booking with us you accept and consent to us so doing. We also guarantee that any information held on our database is not sold or disseminated to any third party and is used solely in marketing activities by ourselves or members of the same travel group.

All clients have reasonable right of access to view information and held on our database about themselves.
